**BDK** a.k.a. Bill Drennon Kimpton, the late founder of San Francisco-based Kimpton Hotels & Restaurants, held humanity above all else; the idea that people in all their complexity mattered most in life. He prioritized his employees and his guests. He also believed that success came from devoting oneself to family and friends. BDK is our expression of this belief. A neighborhood tavern devoted to our guests and our employees. Where there's always a place for people in our hearts and at our table.

Consuming raw or uncooked meats, poultry, seafood, shellfish or eggs may increase your risk of food borne illness.
